

Our response to the coronavirus (COVID-19)

The coronavirus (COVID -19) outbreak is constantly evolving and we would like to reassure you that we are taking sensible precautions to minimise the potential risk to our customers, staff and business partners whilst ensuring that it is 'business as usual'.

We are closely monitoring the advice from Public Health England as the health and wellbeing of our staff, customers and business partners are of course our absolute priority.

Our staff have been briefed on the current hygiene and social distancing practices advised by the Government.

We have contingency plans in place to ensure the continuity of our business and are, of course, monitoring and responding to the ongoing situation as it evolves. We will, however, be making some changes to our current working practices to reduce the risk, such as:

- Advising our staff to avoid shaking hands
- Requiring any of our staff who are feeling unwell or have any flu-like symptoms to stay at home.
- Asking customers to call and cancel their appointments if they are feeling unwell or have any flu-like symptoms
- Regrettably suspending our customer service visits, other than for emergency issues

We wish you good health.

Best Regards

Morrish Homes
