

Move Assist

You buy our house, and we sell yours with Move Assist

What is Move Assist?

Buy your new Morrish home and we will buy yours

If you have found your perfect Morrish home, but are yet to sell your existing property, our Move Assist Scheme can help. This one stop shop solution makes the buying and selling process much easier.

How does the scheme work?

Moving to your new home could be easier than you think

- You visit one of our developments and choose a completed Morrish home
- Our friendly experts will assess the suitability of your existing home for the scheme
- If your home qualifies for the scheme you can pay a reservation fee* to take your chosen Morrish property off the market for a given period
- Our agents will work with you to sell your home within the timeframe at our cost
- Once you have a buyer, the legal process can begin
- You move into your home in a shorter time frame

Making the move much easier

"We couldn't be happier with our new home, the process was smooth and allowed us to buy our dream forever home."

Ann Langrish,
Westhill View

What do I do next?

Our friendly team of experts are on hand to guide you through the process at each of our developments.

* In the unfortunate event that we do not sell your home, your reservation fee is refunded
